

Rules for ending membership

As a member of Hello Zuidas you are a part of the only Zuidas platform where business-like desires can be met. With the current – and still growing- experience of a dedicated team Hello Zuidas tries to make the Zuidas an even better area than it already is.

Members of Hello Zuidas can sit in at different meetings (amongst others: safety, public space, food and beverages), participate in different events (amongst others: participant meetings, presentation sustainability report and network drinks), receive the Hello Zuidas magazine for all their employees (which is amongst many other things insightful, informative and enriching) and always have the backbone of Hello Zuidas and its entire team when something needs to be realized in the Zuidas area.

The contract period of a membership is 24 months. If no action is taken the membership will be continued for 24 more months. If a member wishes to end their membership, this can be done until two months before your contract end date. Only written terminations can be processed.
